## TORN TO PIECES

Pendleton's Speech the Subject of Captain Dovener's Talk

#### TO THE CITIZENS OF BENWOOD

Last Evening-Inconsistency of "John O.'s" Position Clearly Shown by the Captain-Largest Meeting Ever Held in Benwood-Elkius Cadets Going to Canton Priday-Six Pooters Order Uniforms.

There never was a meeting held in Benwood as large and so enthusiastle last night, and Captain B. B. Dovener never made a better speech than

he did upon this occasion.

It was the original intention to hold the meeting in the city hall, but the crowd was so great, that the meeting was made an out-door affair and the stand from which Senator Elkins spoke, situated just across the street from the city hall, was hurriedly trimmed and put in condition for the speaking. The crowd that assembled occupied every inch of the space in the big lot and all stayed until the meeting was at an end. Every point was applauded to the echo and in fact it as the most remarkable meeting ever held at that place.

The crowd even surpassed in numbers the memorable Goff meeting in 1888 and measured with the Ekkins meeting held on the same grounds, it was larger by several hundred. The loyal members of the Akimon Club, of the Eighth ward, and the Me-Kinley and Hobart Sound Money Club, of Bog's run, marched from their

Kinley and Hobart Sound Money Club, of Bogg's run, marched from their headquarters, headed by their drum corps, to Benwood and were received with applause when these arrived. The members of these organizations deserve credit for the interest they manifest in the election and the respect they never fail to pay a speaker in any part of the city or for that matterwithin four miles of their club rooms.

The Meeting.

It was after a ciclock when Mr. John

It was after 8 o'clock when Mr. John P. Jones, of Benwood, called the meeting to order and introduced as the chairman the next sherin of Marshall county, James C. Doyle, who was re-ceived with hearty applause. Mr. Doyle in a few appropriate words pre-sented the speaker of the evening, Captain B. B. Dovener, and the crowd tendered him an ovation as he stepped forward to address the meeting. Captain Dovener said he felt greatly

Captain Dovener said he felt greatly honored by the presence of such a large crowd, and especially, on account of the short notice given that he was to speak there last tight. He had been assured by the committee that the people would be there all right, and he said: "Sure enough, you are here."

The speaker then waded into Mr. Pendleton's speech made in Benwood Saturday night and the way he tore it was greatly enjoyed by all present, with the exception of a few Popocrats, who were not at all in a sood humor. In beginning his speech, Captini Dovener invited any person in the crowd to ask him any guestion he desired and it would be answered. As soon as he began talking about John O., an idol dear to the heart of the average Benbegan taking about John O., an idea dear to the heart of the average Ben-wood Popocrai, an inchriated gentle-man in the crowd took exceptions to what he said, and Captain Dovener never had more fun in his lift; than he did with that man-and neither did the crowd

never had more fun in his life, thun he did with that man, and neither did the crowd.

The speaker referred the speech made by Mr. Penddeton and compared it with his utterances in the campaign of 1852, when he spoke in Benwood. At that time he told the people what they wanted was free trade, and if they would only vote fur free trade and Grover, what glorlous times we would have in this country. Now men would have more work and better wares and such a thing as a strike would be entirely unheard of. The captain said John was right about one thing and that was there would be no atrikes. Why? Because there is no person working now to inaugurate a strike. As for the other part of his predictions the people know only too well that they were not verified. Captain Davener also spoke in Benwood in 1852, and last high he quoted from that speech in which he predicted exactly the existing state of affairs, should the Democratic ticket be successful.

Ji is the same man and the same

should the Democratic ticket be successful.

It is the same man and the same party that is once more trying to deceive the people into voting for a fallacy, but the voters of the country will not be fooled again. The people are aware it is not the money that has caused these hard times, but the want of work to earn the money, the told his hearers of the amount of silver money coined each year since the passage of the Bland-Allison act in 1578 and compared it with that coined in the eighty-one years previous. He also showed the amount of money in the treasury vaults at the present time uncalled for and unused merely because there is no temand for labor.

Pendicton's Record. Pendleton's Record.

Captain Dovener then took took up Mr. Pendleton's record on the money question in Congress and reminded the crowd that he had been elected on a free silver platform and made a speech in Congress condemning the issue as a in Congress contenning the issue as a rank fallacy. Captain Dovener read extracts of the speech as it was print-ed in the Wheeling Register, August 18, 1833. To read that speech now with-out knowing who mad it, the reader would think it had been uttered by the rankest advocate for sound money liv-ing.

Mr. Pendleton in his speech Saturday

rankest advocate for sound money iving.

Mr. Pendleton in his speech Saturday night referred to Benwood and its people in glowing terms and said it always tickled the very soles of his feet when he walked on the pavements of that town, or words to that effect. But the people of that place have had erough of the reforms and isms he advocated four years ago and they wont stand any such taffy.

In speaking of the tariff, Captain Dovener said that McKinley would enact a tariff of sufficient strength to open the mills and start every factory wheel to going, and another plank will be put in that elegant platform, that will prevent any pluper from a foreign shore to come to this country to compete with the American workingman. The speaker took occasion to nall a lie that had been told about him by some Democrat, to the effect that he had voted against the Stone bill. He did vote for it and not only voted for it, but worked for it.

The tariff and money issues were discussed thoroughly and carefully and the crowd listened and applauded until the end. Captain Dovener spoke for almost two hours and wound up the meeting with three cheers for McKinley, Hobart, sound money, protection and victory, it is needless to say they were given with a will.

It was a great meeting and every persón who attended left well paid for being present.

#### THREE POINTED QUESTIONS

Which "General" St. Clair May or May Not Answer To-night.

To the Editor of the intelligencer.

SIR:—As I notice by the papers that Mr. J. W. St. Clair, the elector-at-large on the Democratic ticket, is to

ity on the fifteenth inst. perhaps he will answer the following questions:

First—What good will free shiver do to the struggling miners of this state, while they are kept in a state of destitution by oppressive laws and tyrantical corporations?

Second—What action did he take while in the state senate to relieve the burdens of those miners?

Third—What are his sentiments in regard to the demands of organized labor in Ohlo county in reference to the eight-hour work day, and the abolishment of the fee system?

'As Mr. St. Clair was a prominent member of the late penderate convention, perhaps he can explain to the working classes the reason why those eight-hour resolutions were so wilfully ignored by that body.

Trusting that the honorable genileman will give his hearers the henefit of these questions and explain everything satisfactority to the gorganized labor element, I remain yours.

INQUISITIVE.

Wheeling, Sept. 14.

Wheeling, Sept. 14.

(For the enlightenment of those who are unacquainted with the snub the late Democratle state convention gave organized labor, the facts are here repeated: Representatives of organized labor sent to Chairman Chilton, of the Democratic state committee, the draft of a resolution pledging the party to an eight-hour day in state, county and municipal employment. The resolution was kientical with that passed recently by the Ohio county Republican convention. Chairman Chilton acknowledged the receipt of the resolution and gave assurance that it would be brought to the attention of the convention's committee on resolution was ignored in the committee and nobody in the copient of the convention of the convention of the convention of the committee and nobody in the copiention felt called upon to advocate a concession in behalf of organized labor. Perhaps Mr. St. Clair can explain this little matter.)

#### POLITICAL! MATTERS.

Senator Etkins III with Malarial Fever, Elkins Cadets to Go to Canton Friday, Other Political Intelligence, Assistant Secretary Cowden, of the

state Republican committee, has received word from Senate Elking that he will not be able to take part actively in the West Virginia campaign for at least a week. The senator is ill with an attack of mularial fever at his home in Elkins.

The Elkins Cadets desire to invite other clubs to accompany them on their trip to Canton next Friday. The Ca-dets will drill on Eoff street, in front of the cathedral, every evening.

Governor Atkinson writes the state committee that he is greatly pleased committee that he is streatly pleased with the meetings he has addresseed in the Third and Fourth districts. Everywhere there is a large outpouring of the voters and the sentiment for sound money and protection is gaining ground every day. This is syldenced by the tremendous demand on the state committee for literature. tee for literature.

The much heralded Watts crowd at Reyser last week was composed of about 125 people, of whom one-third were Republicans. The Register staff correspondent said it was a vast assemblage.

There will be a meeting of the Washington District Republican Club this ington District Republican Club this evening at 1:30 o'clock, at the club's rooms in the North End, for the purpose of forming a marching club. It possible it is desired to organize the club in time to go to Canton next Friday with other local Republican organizations, A full attendance is desired.

The Elkins Cadets at their meeting last evening, decided to go to Canton on the 18th. The route is to be deteron the 18th. The route is to be deter-inined by the committee on transpor-tation and published in Wednesday morning's papers. The boys will meet for drill every evening this week, so as to maintain their reputation at home and abroad as a crack organiza-tion. The Cadets will take a brass band, red fire and plenty of enthusi-asm, and expect to have a full turn-out, including their celebrated bugle and drum corps. Senutor Elkins is to be invited to present the boys to the next President.

At the state Republican headquarters encouraging news is being received from all parts of the state. The Republicans everywhere are lining up good and strong and the organization is being rapidly perfected. The demand for literature is very great and vast quantities of it are being circulated.

At Pledmont, last Friday, a Democratic meeting was addressed by candidate 'Watts and Mr. Chilton. The diante "Watts and Mr. Chilton. The crowd, which was described in the Democratic press as "very large," numbered 175 persons, of whom many were Republicans. There was a notable absence of leading Democrats. In former campaigns such a meeting would have attracted from four to five hundred. The free silverites are having trouble in organizing in Fledmont. A call to organize a club a few days since brought out only three voters, two of whom were candidates for office. A second call was Issued and fifteen voters responded. The number was given fin the Democratic press as 70.

The resolve of the sound money Demperats to place the Watts state ticket on their ticket, has already caused many their ticket, has already caused many of the radical free silver men to do some kicking. They argue that this action of the gold Democrats shows that they do not regard. Watts as a strong enough free silverite to hurt, and that it con-firms the charge that Watts is really at heart a gold man. Some of them say they will not vote for the Populist can-didate on this account.

Mr. John O. Pendletonspeke to a small sized crowd of voters at Elm Grove last night. Of the 100 people present many were Republicans. There was very little enthusiasm.

A largely attended meeting of the Sixth ward R-publican Club was held Sixth ward Republican Club was held last night. Many new members were taken in including a number of experiments. Strong speeches were made by Messigs, H. C. Richards and Charles H. Henning. The club has formed a marching division of 125 members, who will be ready for the next general turn-out. Another meeting will be held Thursday evening. The club has a fresh supply of campaign literature. ature.

A meeting of the H. C. Richards Six-Footers was held at the city building last evening. The membership which last evening. The membership which is growing rapidly has reached ninety-six, and as the limit is 100, there is room for very few more. The uniform was ordered from the Hub Clothlers and will be here in two weeks. It specially the state of the second will be here in two weeks, it specially the second will be here in two weeks. It specially cont, white duck trousers, white helt, fatigue cap and torches. After the business meeting a drill was held with forty-five in line. The hogs showed up in fine shape and it is predicted that they rival any other organization in the state. Another meeting will be held to-morrow evening and will be followed by a drill.

Capt. B. B. Dovener leaves this morning for Wellsburg, where he will speak to-night to what promises to be one of the largest meetings of the campaign.

Mr. J. W. St. Clair, the elector-at-large on the Democratic ticket, is to expound the principles of Democracy to the citizens of Wheeling and vicin-tal to the citizens of Wheeling and vicin-

speakers, and the citizens of that vi-cinity should turn out enmasse to hear them. A number from this city will go out on the 7 o'clock motor,

Last night at the office of Squire W. W. Rogers, the First Republican Political Regiment of Veterans and Sons of Veterans, was organized.

#### MONONGAH MINERS

Cheer McKinley, Atkinson and Dayton A Great Meeting Addressed by Mr. Bur-dette.

Special Dispatch to the Intelligencer. FAIRMONT, W. Va., Sept. 14.—The Republicans held a meeting this even ing at the mining town of Monongah The meeting was addressed by the Hon. Sam C. Burdette, the "little glant of Kanawha," There were fully 1,500 people Present. A prominent Democrat estimated the crowd at 2,500. Mr. Burdette held the large audience

Mr. Burdette held the large audience from start to finish, notwithstanding the fact that the Democratis had circulated the report among the miners of Kanawha county years ago during or following some labor thoulies there.

While this has always been one of the great Democratic strongholds, the miners are enthusiastic for sound money and Republican success and the names of McKinley, Dayton, and Arkinson were cheered vociferously.

This was the opening of the campaign at Monongah and the meeting was a howling success from every point, of view.

#### ATKINSON'S TOUR

A Triumphant One in the Third District A Joint Debate with Judge Johnston.

Special Dispatch to the Intelligencer.

KEYSTONE, W. Va., Sept. 14,-Mr.

Atkinson met a large crowd at Welch this afternoon where he had a joint debate with Judge Johnston, of Mercer county. It was the first day of cir-cuit court and the town was packed with voters. Mr. Atkinson more than

with voters. Mr. Atkinson more than sustained his reputation as an orator and debater, and nobly defended the principles of the great party he represents.

At Keystone to-night be, spoke to fully 1,500 voters, holding the closest attention of all his bearers for about two hours. It was by odds the largest political gathering ever held in the Eikhorn valley. Such enthusiasm was never before known in this section of the state, McDowell county will give not less thun 1,500 Republical majority this year, Mr. Atkinson will remain in this section until Saturday.

## A Clever Hypnotist.

A Clever Hypnotist.

Big breezy Dr. Flint gaves such an hour and a half of laughter at the Grand last night as never before took place in the city. In addition he gave an instructive lecture in an entertaining manner and a sensational hit of realism in the great rock breaking test, which required, two men and nearly twenty blows to break the touch hard rock. Mr. Flint is, a very belling the words. Flint is a very brillient hypnotist, and his results far surpass anything in a similar line ever beheld here. Ther-will be an entire change of programme

#### Island Water Mains.

The new fourteen inch water main to the Island from the city side which crosses the river between Seventh street and Fink street, is now nearly completed. Yesterday the contractor, L. G. Hallock, had the pipe laid from the city side to a point nearly to the top of the river bank on the Island side. Very little now remains to be laid to a point of connection with the system of mains on the Island, when the Garden Spot will be assured of an ample supply of water.

## Made a Test of Coal.

Made a Test of Coal.

Yesterday at the city water works pumping station a test of local mined coal was made under the bollers, with the view of changing from natural gas to coal in the event that the coal test shows that that fuel is the cheaper of the two. The test will conclude this morning and the result will no doubt be ascertained to-day. The test was made by the water board at the solicitation of the organized miners of Wheeling. Wheeling.

## Don't be Alarqued.

Don't be Alarquet.

The new striking apparatus has been placed in the tower at the public building, and will be adjusted by Chief Healy and the Gamewell representative to-day. Therefore the public should pay no attention to the ringing of the bell, which will be necessary while the new apparatus is being put in.

#### Council Meets To-utcht

This evening there will be a special meeting of the city council. It has been called at the solicitation of the board of public works. The street employes have not been paid during the past month and are anxiously awaiting council's action so the board can Issue orders.

BURDOCK Blood Bitters is nature's true remedy for constitution and kindred ills. It acts directly on the bowels, the liver, the skin, and while cleansing the blood imparts strength to the directive organs.
